- Hiring
 - Post a job on Brighter Monday ([referral link](#)) or LinkedIn w/ a \$9/day boost
- Personal Development:
 - Landmark Forum
 - I mentioned Landmark Forum is next weekend. Transformative weekend workshop on personal relationships, integrity and self-limiting beliefs. What got you here won't get you there. If you want to go from Millions in revenue to Billions you will need to think 1,000x bigger, have 1,000x more integrity, and discard stories that no longer serve you. <https://landmarkkenya.com/schedules/>
 - I think Nairobi is the only place in Africa where it's hosted. Highly recommended. Kuzana can support attendance for our investees.
 - Personally, I fixed several relationship including with my father who I hadn't had a conversation with for 15 years even though he's a great guy. I reduced my complaining by 90%. And I discovered that I was in charge of creating my own meaning in life. I entered a complete state of flow, let go of baggage and started a Thai Restaurant that was profitable in the first month.
 - Dollar for dollar, hour for hour, easily the highest ROI self improvement course of my life.
